

Parma Ham is an agender goth known for their impressive mohawk

A goth's favorite accessory, their 3-foot mohawk

January 4, 2019

Parma Ham is an agender London goth who became a viral sensation for their massive mohawk. The mohawk, which can reach up to 3 feet, is made from 70 percent hair extensions.

Parma says the mohawk takes two to three cans of hairspray to create. They believe their mohawk and goth style represent the "freedom to self-identify."
